

System Check para aplicação remota

1- Acesse o link

<https://www.programworkshop.com/pw2/core/4.0/Login/Login/Home?sk=382> e siga o passo a passo das imagens abaixo para realizar o System Check. O System Check deve ser feito em todo computador que será utilizado para o teste. **Importante:** caso esteja utilizando um **iPad**, o processo do system check **não** deve ser feito pelo aplicativo, e sim pelo **navegador Safari** com o link acima.

➤ Clique em **CHECK READINESS**

The screenshot shows the ETS Program Administration website. At the top right, the 'Check Readiness' link is circled in red. Below the navigation bar, there is a yellow warning box with a triangle icon and the text: '!! IMPORTANT !! ALL systems will be DOWN during our data center move from Saturday, August 19th at 8pm ET until Sunday, August 20th at 8am ET.' To the right of the warning box is a section titled 'The TOEFL® Family of Assessments' with three sub-sections: 'The TOEFL ITP® Tests', 'The TOEFL Junior® Tests', and 'The TOEFL Primary® Tests'. Below the warning box is a login form with fields for 'Username' and 'Password', and buttons for 'Login' and 'Reset Password'. At the bottom of the page, there is a copyright notice: 'Copyright © 2020-2023 by Educational Testing Service. All rights reserved. Copyright © 2020-2023 Internet Testing Systems, LLC. By visiting and using this site, you agree to the Site Terms and Conditions and Privacy Policy.'

➤ Não é necessário preenchimento, apenas clique em **SKIP THIS STEP**

The screenshot shows the 'Link This Device to Your Institution' step of the system check. The page title is 'Link This Device to Your Institution'. The main content area contains the following text: 'Link this device with your institution to allow us to provide institution specific secure browsers for testing. You will not be required to repeat this step unless you wish to change the institution you have selected. If you are testing from home or outside of the institution's network, you may skip this step. Doing so will not impact test results and reporting. Enter your username to link this device to your institution:'. Below this text is a text input field and a blue button labeled 'Continue'. The 'Skip this step' link is circled in red. At the bottom of the page, there is a copyright notice: 'Copyright © 2020-2023 by Educational Testing Service. All rights reserved. Copyright © 2020-2023 Internet Testing Systems, LLC. By visiting and using this site, you agree to the Site Terms and Conditions and Privacy Policy.'

- Selecione **RUN SYSTEM CHECK**

ETS Program Administration [Return](#)

Check Readiness

Currently identified as: **Anonymous** [Change](#)

System Check

Run the System Check to identify potential issues with this device or Internet connection. This check also verifies this device meets the minimum system requirements needed to run the test.

[Run System Check](#)

Evaluate Network

Launch the Test Simulation on multiple devices at the same time to simulate the network traffic of several test takers at your institution. We recommend coordinating the verification process with your IT staff so they can monitor network performance during the exercise.

[Run Test Simulation](#)

Advanced Readiness and Troubleshooting

[Test Delivery Check](#) Run the Test Delivery Check to take a test. This test includes samples of each question type to verify this device will deliver the test.

[Bandwidth Check](#) Run the Bandwidth Check to sample your Internet connection speeds over a period of time to see how your available bandwidth fluctuates throughout the day.

- Novamente, não é necessário o preenchimento dos campos, apenas clique em **RUN CHECK**

ETS Program Administration [View History](#) [Return](#)

System Check

Currently identified as: **Anonymous** [Change](#)

The System Check tests your device to make sure it meets the minimum requirements for test delivery. At the completion of the check, you will be provided with information regarding the specific device used and current internet connection information and possibly a list of potential issues that need to be corrected prior to testing.

System Check Information

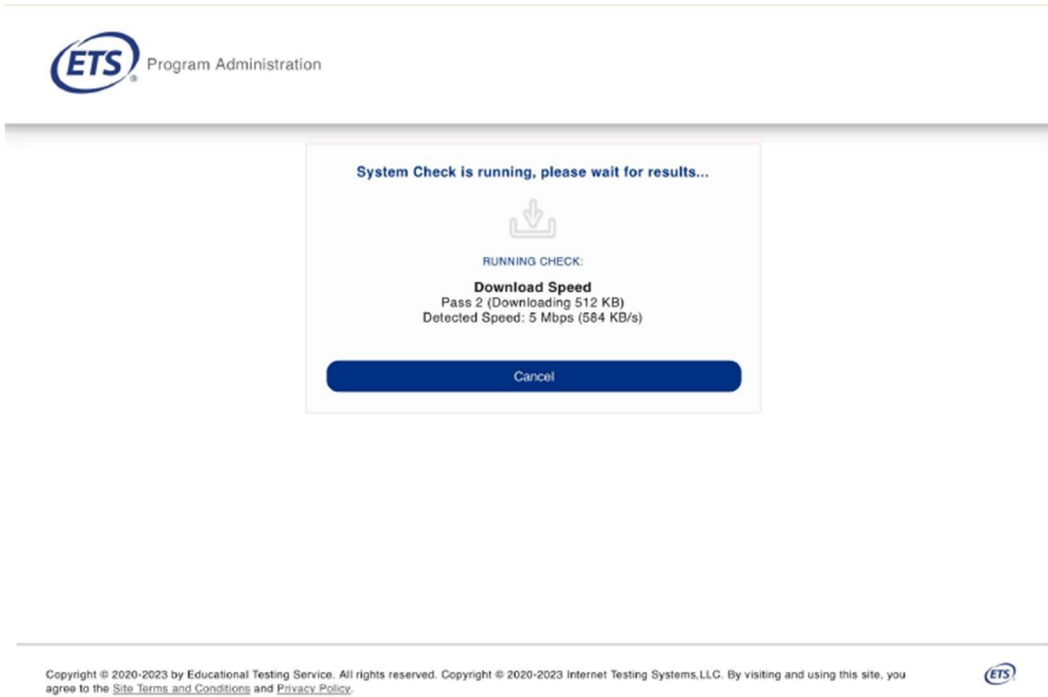

Run the System Check on all devices used for testing. For best results, close any applications that may be running on this device as well as any additional browser windows or tabs that may be open.
